Acclamation for Ike Is Unforgettable

By MARVIN L. ARROWSMITH
CHICAGO (AP) — In his long career in the Army and as President of the United States Dwight D. Eisenhower has been cheered all over the world. Now he has been acclaimed again in a manner he'll never forget.

Chicago did it when he arrived in town Tuesday for the Republican National Convention. A throng of about one million roared an exuberant welcome and showered the President and his wife with confetti, ticker tape and gay balloons.

Tuesday night the Republican delegates and their guests cut loose at Convention Hall with a thunderous ovation that obviously

Ike Cites Prosperity of Nation

By GEOFFREY GOULD

CHICAGO (AP) — President Eisenhower says it is "irrefutable truth" that the nation is enjoying unprecedented prosperity, has the strongest military system in the world and is working ceaselessly for peace.

He gave this assessment of his years of stewardship in the White House to an enthusiastic "Thank You, Ike Day" session of the GOP National Convention Tuesday night.

Especially in the fields of national defense and economic growth, Eisenhower strongly defended his administration's record. At many points his speech struck at the Democrats, but he could as well have been speaking of Gov. Nelson A. Rockefeller when he said:

"Just as the Biblical Job had his boils, so we have a cult of professional pessimists who, taking counsel of their fears, continually mouth the allegation that America has become a second-rate military power."

Rockefeller has criticized several phases of administration activity.

Eisenhower, who is nearing 70, received a warm "we like Ike" reception from the GOP delegates, whose party rode to power with him nearly eight years ago after two decades of being on the outside.

The President, as he has before, came up with a dramatic challenge to the dictator in the Kremlin.

Would the Soviet dictator, Eisenhower asked, "agree to holding of free elections under the sponsorship of the United Nations—to permit people everywhere—in every nation and on every continent, to vote on one single, simple issue: That issue is: Do you want to live under a Communist regime or under a free system such as found in the United States?"

"Are the Soviets willing to measure their world prestige by the results of such elections?"

"The United States would gladly do so."

GOP Platform Includes Stiff Rights Plank

By NORMAN WALKER

CHICAGO (AP) — A broad 10,000-word Republican platform with a stiffly rephrased civil rights plank is ready for expected GOP convention approval tonight.

Prospects of any floor battle faded as most GOP chiefs indicated they would accept the compromise worked out Tuesday night by the platform committee on the (loudly racial) equality issue. The compromise was voted 56-20.

Vice President Richard M. Nixon, due to wear the party's presidential mantle, was described as satisfied with the completed platform product. Sen. Jacob K. Javits of New York echoed the reports after visiting Nixon early today.

Further along in the wee hours, New York's Gov. Nelson A. Rockefeller added his endorsement to the revised plank, calling it "a strong and specific declaration in support of equal opportunity, human dignity and the supreme worth of the individual."

Both Rockefeller and Nixon had described an earlier platform plank as unsatisfactory. Rockefeller said he would like to have seen even the new plank go further in some respects, but said he was gratified with the revision.

"The plank is comprehensive," he said. "It attacks discrimination in voting, housing, schools, jobs and public facilities."

Southern delegates, claiming a victory in keeping civil rights policy declarations as moderate as possible, said they had no desire to kick up any convention fuss.

G. Harold Alexander, Florida Republican chairman, said after a meeting of 10 Southern states' chairmen he does not expect a minority report to go before the convention.

The platform, in a nutshell, adheres to traditional GOP conservatism in fiscal and economic policies, commands for continuation of the tenets of President Eisenhower's administration, but promises to provide any increased national defense expenditures found necessary.

The final defense plank represents a considerable revision from an earlier version also sharply criticized by Rockefeller. The original consisted primarily of a pledge to continue Eisenhower policies. The final plank calls for accelerated missile production and new weapon development in an intensified defense program.

On civil rights the GOP platform comes close to matching the pledges made by the Democrats. Some Republican pledges go further, such as one to sponsor legislation to end membership discrimination against Negroes in labor unions if the unions don't do it themselves.

But whereas the Democrats pledge support for new federal power to obtain court injunctions in all fields of possible racial equality violations, the Republicans advocate such power only in school segregation cases.

The GOP civil rights plank omitted specific reference to sit-in demonstrations—a point insisted upon by moderates.

Like the Democrats, the GOP promises to overhaul legislative procedures that in the past have been used to block action on racial equality measures.

were not on the primary ballot. They are certified automatically to the general election.

The governor and his lieutenant took news of his victory as expected tidings. They predicted early in the evening. Faubus would poll 70 per cent of the vote, showing more strength than in 1958.

Faubus campaigned mainly on his six-year record. Segregation was a minor issue, compared to 1958, when the governor talked of little else.

Dwelling on the accomplishments of his administration, Faubus appeared content to belittle his opponents as "tools of integrationists" and to present himself as a champion of states' rights, rather than as a die-hard segregationist.

The returns indicated, however, that Faubus' heaviest majorities were recorded in counties where segregation could become a problem. The counties in which he failed to get a clear majority were mainly in the northwest, where there are few Negroes.

The near complete returns showed Faubus with clear majorities in 64 counties. He led the ticket in 10 others and trailed in only one. Union, which gave home county candidate Bennett a plurality, Hardin led the ticket in the home counties of Hardin, Williams and Millsap.

Millsap conceded early in the evening. Hardin, Bennett and Williams clung throughout the evening to the faint mathematical possibility that Faubus could be forced into a runoff Aug. 9.

The possibility was only mathematical, however, as Faubus' lead hit almost two to one in the early evening.

Results of Dist. Races Over State

Chancellor Lee Ward of Jonesboro, a one-time candidate for governor, was soundly defeated by Prosecutor Terry Shell of Jonesboro in his bid for renomination in the 12th Chancery District, in yesterday's Democratic primary election.

With 214 of 227 precincts reporting, Shell had 22,456 (67.73) for Ward.

In the top scholastic contest, Sen. Jerry Sreton faced a runoff in his bid for renomination in the 19th District, which sparked a controversy over an unwritten agreement to rotate the position between counties.

With 103 of 118 precincts reported, Sreton had 5,333 to 4,388 for W.E. Fletcher of Lonoke and 3,551 for J.L. Gunter of Austin.

Icy Floods Peril Areas in Chile

SANTIAGO, Chile (AP) — Icy flood waters from Lake Rinihue poured in torrents today into the doomed city of Valdivia, covering low-lying sections with three feet of water.

Most of the city's 60,000 inhabitants fled to high ground before natural dams holding back water in the mountain lake burst Monday, turning the San Pedro and Calle-Calle rivers into rampaging torrents. The San Pedro feeds the Calle-Calle which runs through Valdivia.

The dams were formed when disastrous earthquakes thrust up the earth in southern Chile's coastal city last May and blocked Lake Rinihue's natural outlets to the sea.

The two rivers, normally no more than 70 feet wide, were as much as two miles wide in places.

Army engineers, evacuating the last of the inhabitants, said earlier they believed 80 per cent of Valdivia will be under 13 feet of water before the flood subsides.

Wasp Refueling Congo Airlift

WASHINGTON (AP) — The U.S. carrier Wasp was pumping 200,000 gallons of aviation gasoline today to refuel the United Nations airlift to the Congo, the Navy said.

The carrier was moored 2½ miles at sea off the port of Accra in an operation to relieve a critical shortage of fuel for planes transporting men and supplies.

The Wasp was using a flexible hose connected to an underwater pipe to pump the gasoline to storage tanks ashore. Accra, in the Gulf of Guinea, has no harbor for large ships.

After completing the emergency fuel discharge, the Wasp is scheduled to visit Dakar, former French naval base on the westernmost tip of Africa, and then head for the United States.

General Man SAC's Posts

OMAHA, Neb. (AP) — Ten generals of the Strategic Air Command are taking turns manning SAC's airborne command post in twice-weekly command post practice.

The airborne command post is a KC-135 jet tanker, especially equipped to permit continuous flight instantaneously with all SAC bases.

In a period of international crisis one of the planes, with a general board, would be in the air at all times, prepared to take command of SAC retaliatory bomber and missile force should the command post at Offutt Air Force Base headquarters here be destroyed.

In a typical exercise recently the "go" signal simultaneously reached the general designated for the exercise and several aides.

The flight crew and radio operators established radio contact with the Joint Chiefs of Staff war room at the Pentagon, with SAC headquarters and with the North American Air Defense Command headquarters in Colorado Springs, Colo.

As soon as the general and aides arrived the plane took off within 15 minutes after the alarm sounded.

Prisoners Hope to Cut Time

PLEASANTON, Calif. (AP) — Ninety-three prisoners today began the second of five days 15 feet underground in a 25 by 48-foot Quonset hut, hopeful of cutting short their terms by helping the Navy develop an inexpensive nuclear fallout shelter.

The 93 were among more than 350 who volunteered at the Santa Rita Rehabilitation Center for the test. Underground with the prisoners are three Alameda County deputy sheriffs and four scientific observers.

Whether a fallout shelter is whether a fallout air system, powered by gasoline-driven pumps can suffice during summer heat, so as to avoid the expense of air conditioning units.

Leap to Freedom Soviet Woman Dies

NEW YORK (AP) — Oksana Stepanova Kasenkina, whose "leap to freedom" 12 years ago formed a melodramatic chapter in the cold war, died Sunday in a Miami, Fla., hotel, friends here reported today. She was 63.

A onetime Russian schoolteacher, Mrs. Kasenkina in 1948 jumped from the third-story window of the Soviet consulate here to avoid being returned to her homeland.

The case stirred an international sensation. The Tolstoy Foundation, Inc., an organization to aid White Russian exiles from communism, said that Mrs. Kasenkina died at the Grady Hotel in Miami from natural causes complicated by a heart condition.

In recent years, she has lived in seclusion, the foundation said, changing her residence often for fear of reprisals. She became an American citizen in 1957.

Heavy Rainfall

TOKYO (AP) — Heavy rains and 60-mile winds kicked up by Typhoon Polly raked the southern part of the big U. S. island base of Okinawa today. The U. S. Air Force reported. There were no immediate reports of damage.

DOROTHY DIX

Treated Like a Baby Girl, 19, Says She's

By HELEN WORDEN ERSKINE

Dear Helen:

I am 19 and have been going with the same boy 20 months. My parents insist I be in the house every night by 11 P.M. I feel that they are treating me like a girl of 13 or 14, not like a young woman.

Dear Baby Treated: Since you have no job I take it that you are still being supported by your parents. With that support goes the obligation of doing as they wish you to do. Dependence implies immaturity. At 19, in this day and age, you should be either equipping yourself through a formal education to be independent, or out in the world earning a living.

My wife has left me on account of drinking. I have quit. If she knew this she would come home. We have a four-month-old boy who is staying with my mother since my wife left two weeks ago. The baby isn't eating properly. My mother isn't well. I will appreciate it very much if it is in your power to help me. —L.R.

Dear Helen:

Jealousy is ruining my health and marriage. It has always been a very serious problem with me. When I was 20 I was engaged to a wonderful boy who married another girl. I was deeply hurt. Now I feel that I can't hold anyone, even though I've been married 12 years to a marvelous husband and good father to our three children.

He is the type that attracts. First, it was a girl that hung around our house. Now he has a new business, meets different people daily and is gone much of the time. Today when I called his office a woman answered the phone. "I'm just a customer," she said. "I'll call John."

As a result of this my mind imagines all sorts of things. My husband has never given me cause to distrust him. That's why I know it's I who am at fault. Please, before I lose my mind, tell me what to do. Also, send my your leaflet on "Jealousy." And don't laugh. This is deadly serious.

Dear Helen:

I read it every day. —Green-eyed Wife: Unmistakable. See it for what it is. I fear that you will lose your husband in another woman. Jealousy is the surest way to kill his love for you. There is nothing so pitiful or so obnoxious to a husband as a jealous wife. Where's your pride? Dig your nails into the palms of your hands and refuse to indulge in this degrading self-torture. Change your thoughts every time a nagging doubt enters into your mind. Will power is the answer.

with my home, recalls correct and I'm a girl. I was in a turmoil, confessed this to my gynecologist — a good friend. He advised me to forget the organism and leave my job as a soloist. The very thought of leaving me for all the while this man was becoming more and more a part of my life. He helped with the dishes when at our home insisted I was his only girl friend and played the piano. My husband was fond of him, our children loved him, our children loved him. The situation got so bad I told him of my infatuation. Very kindly he rejected me. I felt humiliated. Two months ago the church fired him. I tried to prevent this but could do nothing. He never tries to contact me. Does he care or not? Do I really love him? These are questions I cannot answer. Can you?

I feel like an adolescent, 12, who always prided myself on being a mature woman. It takes all my will-power to stay away from him. I need help. I have shed many a tear. —In Despair.

Dear "In Despair": Remember Shakespeare's "Hamlet" and the act? See this for what it is — a Midsummer Night's Dream. The organism is probably incapable of returning your love if it is love from what you say. It sounds more like an infatuation born of proximity — not that this lessens the torment.

Be strong. Take your gynecologist's advice. Forget the organism. Time will heal the wound to your heart and pride. My leaflet on "Marital Harmony" may be of help. It goes to you today.

Dear Helen:

I am 15 and my boy friend 17. He is taking me to a party. He and his friends planned to stay for the dance which ends at 1 A.M., go to the city for supper, and come home at 3 A.M., then at 7 A.M. go on to a breakfast party. I haven't told my mother about the time nor the breakfast party yet. I'm scared to ask her. Do you think it's asking too much? —Hopeful.

Dear Hopeful: I certainly do think you are asking too much. Priority aside, you kids would probably be dead on your feet by the time you got to the break-

fast, if a girl that life has speeded up to a dizzy pace for teenagers, the basic rules of common sense remain the same. No 15-year-old girl with any regard for her reputation should be out on her own after midnight. Allow about taking your parents along as chaperons, if they can keep awake.

Dear Helen:

I married too young. I've missed so much and long for some fun in life. My husband, though an older man, has an old man's head on his shoulders. All he does evenings is sit home and rock. He wants me to stay home too. He's got religion and won't even go to a movie. Should I quit living just because I'm 20 and have a three-year-old baby? I've thought about divorce but hesitate because of the child. Also, I was a victim of divorced parents and know what a family break means. I need your help. —Hopeless.

Dear Hopeless: Solomon said, "A merry heart maketh a cheerful countenance." And again, "A merry heart doeth good like medicine." Remind your husband that the truly religious are happy, not glum. Tell him that you have as much right to your way of life as he has to his. Our Declaration of Independence says that we are endowed by our Creator with certain inalienable rights, among these rights are life, liberty and the pursuit of happiness. Show your husband this column.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her in care of this newspaper.

PROPOSED
CONSTITUTIONAL
AMENDMENT NO. 51

BE IT RESOLVED by the Senate of the State of Arkansas, and by the House of Representatives, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon at such an election adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. In addition to other powers granted by constitutional or statutory authority, cities of the first and second class may issue, by and with consent of a majority of the qualified electors of said municipality voting on the question at an election held for the purpose, bonds in sums and for the purposes approved by such majority at such election as follows:

For the payment of any indebtedness existing at the time of the adoption of this amendment; for the purchase of rights of way for construction of public streets, alleys, boulevards, and expressways, within the corporate limits of such municipality for the construction of widening or straightening of streets, alleys, boulevards, expressways, and parking facilities, within the corporate limits of such municipality; for the purchase, development and improvement of public parks, airports, flying fields, and recreational facilities located either within or without the corporate limits of such municipality; for the construction of sewers and comfort stations; for the purchase of fire alarm systems; for the purchase of street, police or fire fighting apparatus and equipment; for the purchase of street and sewer cleaning equipment and apparatus; for the purchase of sites for construction of, and equipment of city halls, auditoriums, court houses, prisons, libraries, hospitals, clinics, public abattoirs, incinerators or garbage disposal or sewage treatment plants; for bonding for the housing of street, police or fire fighting apparatus and equipment; for the construction of viaducts and bridges; for

the purpose of purchasing, extending, improving, enlarging, building, or construction of water works or light plants, and distribution systems therefor; and for the purchase of sites for, improving or equipping harbor and river terminal facilities; and for the acquisition, development and construction of other municipal or public facilities and improvements. For the purchase, development and improvement of airports, waterworks, sewage disposal systems or any other municipal facilities which are, wholly or partially, located outside the boundaries of this State.

No bonds issued under the authority of this amendment shall bear a greater rate of interest than six per cent per annum payable either annually or semi-annually; that is to say, the cost to the municipality for interest and discount, on each issue of bonds shall not exceed six per cent per annum, and no bonds issued under the authority of this amendment shall ever be sold except at public sale after twenty days' advertisement in some newspaper having a bona fide circulation in the municipality issuing such bonds.

In order to provide for the payment of the bonds issued under the provisions of this amendment, and interest thereon, a special tax in addition to the legal rate permitted may be levied by municipalities on the real and personal taxable property therein. And any municipality issuing any bonds shall, before or at the time of doing so, levy a direct tax payable annually sufficient to pay the interest on such bonds as the same matures, and also sufficient to pay and discharge the principal of all such bonds at their respective maturities. The special tax permitted by this amendment shall not be subject to any constitutional limitation; provided, however, the General Assembly may by legislative act limit the rate of such taxation, which limitation shall be effective only upon a special tax levied for the payment of bonds issued after the effective date of such legislative act.

Said bonds shall be serial, maturing annually after three years from date of issue, and shall be paid off as they mature, and no bonds issued under the authority of this amendment shall be issued for a longer period than forty years.

It shall be the duty of the mayor and city council or other governing body established by law, to exercise supervision over the sale of any bonds, which may be voted by the people at an election held for that purpose and they shall expend economically the funds so provided for the specified purposes for which they were voted.

Said election shall be held at such times as the city council may designate by ordinance, which ordinance shall specifically state the purpose for which the bonds are to be issued, and if for more than one purpose, provisions shall be made in said ordinance for balloting on each separate purpose; which ordinance shall state the sum total of the issue, the dates of maturity thereof and shall fix the date of election so that it shall not occur earlier than thirty days after the passage of said ordinance. Said election shall be held and conducted, and the vote thereof canvassed, and the result thereof declared under the law and in the manner now or hereafter provided for municipal elections, so far as the same may be applicable, except as herein otherwise provided. Notice of said election shall be given by the mayor by advertisement weekly for at least four times, in some newspaper published in said municipality and having a bona fide circulation therein; the last publication to be not less than ten days prior to the date of said election.

Qualified voters of said municipality only shall have a right to vote at said elections. The result of said election shall be proclaimed by the mayor and the result as proclaimed shall be conclusive unless attacked in the courts within thirty days after the date of such proclamation. This amendment shall not repeal or affect any law relating to the organization of improvement districts.

SECTION 2. In addition to any existing Constitutional or Statutory provisions, and the powers granted under the provisions of this amendment, cities of the first and second class are hereby authorized to levy a tax on the real and personal property located within the corporate limits of five (5) mills on the dollar of the assessed value of such property. That the revenues from such tax may be used for any municipal purpose now or hereafter authorized.

SECTION 3. The General Assembly may by legislative act allow cities of the first and second class to levy additional taxes for any municipal purpose, now or hereafter authorized, and such taxes or the rates thereof shall not be limited by any existing Constitutional provision.

SECTION 4. The salaries of officials and employees of cities of the first and second class shall be fixed by the governing body of such cities, and the amounts of such salaries shall not be limited by any existing Constitutional provision.

SECTION 5. This amendment shall be in force upon its adoption, and shall not require legislative action to put it into force and effect. All provisions of this amendment, whenever, at any annual school election, a majority of the qualified electors of the district voting thereon shall be treated as mandated.

SECTION 3. The qualified electors of each school district shall have the right to determine by their vote at a special election called for the purpose, the manner of applying the financial aid available for the instruction of residents of the district between the ages of six and eighteen years; and such instruction may be provided either: (a) through a system of free public schools whereof the district will provide the physical plant, employ instructors, and do any and all things necessary to maintain a general, suitable and efficient system of free schools to be operated by the district; or (b) through student education financial aid whereof the district will apply all available funds for the equal benefit of all such residents for the periods of time during which they respectively receive instruction in this State.

SECTION 4. Subject to such limitations as may be imposed by law, exclusive jurisdiction for the government of each school district shall be vested in a board of directors.

SECTION 5. There is hereby levied and there shall be collected an annual per capita tax of one dollar from each resident of this State over the age of twenty-one years, and the proceeds thereof shall be used for educational purposes in such manner as is now or as hereafter may be provided by law.

SECTION 6. Not less than fifteen days next preceding each annual school election, the board of directors of each school district shall prepare, approve and make public a proposed budget of expenditures in which there shall be set forth the amount of funds determined by the board as being necessary to provide, during the next following fiscal year, gratuitous instruction for residents of the district between the ages of six and eighteen years. The proposed budget shall set forth the estimated amounts, respectively, of funds necessary: (a) to meet the debt service requirements of the district's issued and outstanding bonds; (b) to meet its other contractual obligations; (c) to pay insurance premiums on, and cost of maintenance or custodial care of, buildings and other property owned by the district; and (d), in such detail as the board shall determine, the estimated amount of funds required for other educational purposes.

From the total of the aforementioned requirements for the fiscal year shall be deducted the estimated amount of funds to be available to the district from State aid and from all other sources other than the local property tax, and the remainder as so determined shall be designated and known as the budget deficit. Based upon the assessed valuation of all taxable property within the territorial bounds of the district for the then current year, the board of directors shall determine the rate of tax levy necessary to provide, when applied to the amount of said assessed valuation, funds of sufficient amount to meet the aforesaid budget deficit; and the rate of tax levy as so determined shall be submitted for the approval or disapproval of the qualified electors of the district at the next following annual school election.

SECTION 7. The proposed budget shall be submitted for the approval or disapproval of the qualified electors of the district voting on the proposition shall approve the rate of tax levy proposed by the board of directors, then taxes, and all provisions of the Constitution, or amendments thereto, in conflict herewith are hereby repealed.

SECTION 8. The manner of applying financial aid for the instruction of residents of any school district between the ages of six and eighteen years shall be changed, effective immediately, from the then existing manner to any other manner authorized by Section 3 hereof, whenever the proposition of making such change shall be approved by a majority vote of the qualified electors of the district voting on the proposition at a special election called for that purpose by the County Judge of the county in which the major portion of the land area within the territorial bounds of any such district is located. The County Judge shall call such special election within thirty days after the receipt by him: (a) of a petition containing the signatures of not less than a majority of the board of directors of the district; or (b) of petitions containing the signatures of not less than ten per cent of the qualified electors of the district. Provided, that not less than twelve months shall elapse after any such special election before another special election may be called for the purpose of again voting on the proposition of changing the manner of applying financial aid.

In each instance in which the manner of applying financial aid for the instruction of residents of the district between the ages of six and eighteen years shall be in which there shall be set forth the amount of funds determined by the board as being necessary to provide, during the next following fiscal year, gratuitous instruction for residents of the district between the ages of six and eighteen years. The proposed budget shall set forth the estimated amounts, respectively, of funds necessary: (a) to meet the debt service requirements of the district's issued and outstanding bonds; (b) to meet its other contractual obligations; (c) to pay insurance premiums on, and cost of maintenance or custodial care of, buildings and other property owned by the district; and (d), in such detail as the board shall determine, the estimated amount of funds required for other educational purposes.

SECTION 9. Either branch of the General Assembly at a regular or special session thereof may propose amendments to this measure, and, if any such proposal be agreed to by a majority of all the members elected to each house, such proposal shall be submitted to the electors of the State for approval or rejection at a special election called for the purpose by the Governor; and if a majority of the qualified electors voting at such special election adopt such amendment the same shall be operative on and after the 30th day after the election at which it is approved, unless otherwise specified in the amendment. Nothing in this section contained shall be construed to limit the power of the General Assembly to submit proposed amendments to this measure as provided by Section 22 of Article 19 of the Constitution of this State.

SECTION 10. The provisions of this measure are hereby declared to be severable.

SECTION 11. Article 14 and Amendments Nos. 11 and 40 to the Constitution of this State are hereby repealed.

SECTION 12. This amendment shall be self-executing and its provisions shall be treated as mandatory, but laws shall be enacted by the General Assembly to facilitate its operation.

SECTION 13. This amendment shall take effect and be in full force on and after the date of its

approval. In the event the rate shall not be approved at any school election, then taxes shall be collected at the rate of thirty (30) mills on each dollar of assessed valuation, or at the rate approved at the next preceding annual school election, whichever rate shall be the lower figure. Provided, that no rate of tax levy shall ever be less than the aggregate of the rates of any continuing levies heretofore approved for the purpose of meeting the debt service requirements of the district's issued and outstanding bonds unless funds for the payment thereof shall have otherwise been specifically provided for.

SECTION 7. With respect to each school district, proposals for the issuance of bonds and for the collection of taxes at a continuing rate of levy for the payment thereof may be submitted by the board of directors for the approval or disapproval of the qualified electors voting on any annual school election; and, upon petition of not less than ten percent of the qualified electors of the district, or by resolution of the board of directors, such proposals may be submitted for the approval or disapproval of the qualified electors voting on any such proposition at a special election called for the purpose by the County Judge. No school district may issue bonds unless a majority of the qualified electors voting on any such proposition at a school election shall approve the same; and no bonds or other evidences of debt hereafter issued by any school district shall be secured by a lien on the property of the district, and no district may pledge any of its revenues for the payment of said bonds or other evidences of debt except revenues to be derived from the collection of taxes upon taxable property within the district under a continuing rate of levy approved by a majority of the qualified electors voting on the proposition at a school election.

The principal amount of any proposed bond issue may include the estimated amount of interest to be due on such bonds during the first year.

SECTION 8. The manner of applying financial aid for the instruction of residents of any school district between the ages of six and eighteen years shall be changed, effective immediately, from the then existing manner to any other manner authorized by Section 3 hereof, whenever the proposition of making such change shall be approved by a majority vote of the qualified electors of the district voting on the proposition at a special election called for that purpose by the County Judge of the county in which the major portion of the land area within the territorial bounds of any such district is located. The County Judge shall call such special election within thirty days after the receipt by him: (a) of a petition containing the signatures of not less than a majority of the board of directors of the district; or (b) of petitions containing the signatures of not less than ten per cent of the qualified electors of the district. Provided, that not less than twelve months shall elapse after any such special election before another special election may be called for the purpose of again voting on the proposition of changing the manner of applying financial aid.

Kennedy
Wants Clear
GOP Plank

By G. MILTON KELLY

HYANNIS, Port, Mass. (AP) — Sen. John F. Kennedy, the Democratic presidential nominee, said today he hopes the Republicans write a civil rights platform plank "as clear and effective" as the one his party approved.

"It sets a standard for them," Kennedy told reporters.

Kennedy voiced praise for Gov. Nelson A. Rockefeller of New York, and his role at the Republican convention.

"I think he's been very effective in persuading a majority of the Republicans to accept his views, but they did it reluctantly," Kennedy said at a news conference on the lawn of his summer home.

Asked what his personal views were about Rockefeller, he called him "a valuable public servant."

Kennedy disclosed he may go to New York City Wednesday or Thursday to spend "not more than a day" on some mission he declined to detail.

Kennedy said the United States must concern itself more with the

approval at the November, 1960, General Election.

\$2.8 Billion
to States
for Highways

WASHINGTON (AP) — Secre-

tary of Commerce Frederick D. Muehlner has allotted federal highway aid funds totaling \$2,883,750,000 to the states for highway construction in the year starting July 1, 1961.

The apportionments include \$2,200,000,000 for the 41,000-mile interstate highway system, for which the federal government pays 90 per cent of the cost.

Another \$683,750,000 was ap-

portioned to the states for the federally-aided systems of primary and secondary roads and their city extensions, the so-called "ABC program."

The early apportionment, Muehlner said, "provides almost a full year's lead time to the states for adequate planning of their use of the money, and thus assures orderly progress in the program."

The new allotment will bring the total federal support for the interstate system to \$11,400,000,000 for the six years since the program of controlled-access superhighways was launched.

For Arkansas, \$4,387,308 was allotted for the primary highway system; \$3,310,420 for secondary or feeder roads; \$956,481 for urban highways and \$21,504,056 for the interstate system.

Another brother, Teddy, was sent by the senator to California for talks with Gov. Edmund G. Brown.

Louisiana Case to
Court on Friday

NEW ORLEANS (AP) — Civil Dist. Judge Oliver P. Cartiere will hear Friday the state of Louisiana's plea for a temporary injunction to halt New Orleans public school integration.

Cartiere refused yesterday to issue a restraining order to prevent the Orleans Parish School Board from carrying out a federal court's order to integrate in September.

But he said this decision "is not to be construed as having any bearing on the question of whether or not a preliminary injunction should be issued."

Louisiana Atty. Gen. Jack Gro-millon contended the school board did not have the authority to comply with U. S. Dist. Judge J. Skelly Wright's order to integrate first grades in the city schools at the start of the fall term.

He argued the state legislature had sole power to declassify segregated schools, by laws passed in 1956 and 1960.

Landis, Fox Bat Chicago to Victory

By JIM KENSIL
Associated Press Sports Writer

You can look it up, Nellie Fox homered and Jim Landis drove in four runs.

When the Chicago White Sox got this kind of hitting plus anticipated homers from their off-season power purchases — Gene Freese, Roy Sievers and Minnie Minoso — it's going to beat the defending American League champions?

Not Boston, that's for sure. The seventh-place Red Sox were the paties again Tuesday night as Chicago slammed — slammed — slammed all over Fenway Park in a 16-3, 21-hit victory that retained their one-game lead over the New York Yankees.

The Yanks came alive in their own stadium, stopping Cleveland 6-1 behind winner Art Ditmar (8-7) and reliever Luis Arroyo. Mickey Mantle's 25th homer, a two-run shot in the sixth inning, was the difference as the Yanks won for only the fifth time in their last 15.

Third-place Baltimore fell four games behind when ex-Yank Johnny Kuck beat the Orioles for Kansas City 2-1. Detroit moved to a fifth-place tie with Washington by defeating the Senators 5-3.

Vern Law (13-5) became the majors' biggest winner as Pittsburgh held its half-game lead in the National League with a 5-4 victory at St. Louis. Second-place Milwaukee stopped San Francisco 3-1 on a five-hitter by Carl Willey. Cincinnati's Bob Purkey four-hit the Los Angeles Dodgers 4-1, and the Philadelphia Phillies rallied to beat the Chicago Cubs 4-3 on a three-run, ninth-inning homer by Clay Dalrymple.

Fox's homer was his first of the season. The little left-hander, who hits for average but isn't doing it this year (.271) has only 26 homers in 14 years in the majors. Landis' RBI upped his season total to 31. Usually he doesn't hit average one every three games.

Sievers hit his 16th homer, Minoso his 11th and Freese his 9th. That made it easy for Early Wynn to win his sixth in 13 decisions and the White Sox their 22nd in the last 31 games. Jerry Casale (2-9) was a loser for the ninth straight time.

Jimmy Piersall, Cleveland's problem player, scored the Indian on in the second inning. He beat out a bunt for a hit, was sacrificed to second and came home on Johnny Romano's single. After that it was all Yankees.

Mantle socked a 2-0 pitch by losing southpaw Dick Stigman (4-6) into the right field stands with Roger Maris, who had walked, on base.

Kucks of the Athletics hadn't pitched a winning complete game against Baltimore since 1956, his big year when he was 18-9 with the Yanks and picked up a key World Series victory over the Brooklyn Dodgers. Another ex-Yank, Jerry Lumpe, doubled and scored the tying run in the sev-

Woman Will Not File Complaint

LITTLE ROCK (AP)—Mrs. B.B. Pake said today she would not file an additional complaint with the

ent, then beat out an infield top- per in the eighth to send across the winning run as the A's singled four straight times with two out to defeat Milt Pappas (8-9).

Detroit's Frank Lary (9-9) won his third straight after giving up the three Senator runs in the first. She contended that failure to port all of the GOP convention would violate the FCC's equal time ruling. All stations carried his 21st homer in the fourth to make up two runs.

Pirates Serve Notice They Aren't Out Yet

By JIM KENSIL
Associated Press Sports Writer

The stubborn Pittsburgh Pirates aren't going to walk the plank for anybody. At least not as long as Vern Law can beat the St. Louis Cardinals, practically blindfolded.

And not as long as Elroy Face can right a sinking ship. The Cards rocked Law with a pair of two-run homers in the seventh inning Tuesday night, but he survived the inning with a 5-4 lead that turned out to be the final score as Pittsburgh stayed a half game ahead of Milwaukee in the National League pennant race.

The victory was Law's 13th, making him the biggest winner in the majors. But when the Cards acted up on reliever Fred Green (1-1) in the eighth, it was up to Face to salt the victory with a double play ball and then a 1-2-3 job in the ninth for his 15th save among the Pirates' 55 triumphs.

Milwaukee, too, had it in the bullpen as Ron Piche saved his seventh for the Braves who beat the Giants 3-1 at San Francisco. Carl Willey (5-4) was the winner on a five-hitter, but Piche had to wipe out the side in the ninth after the Giants rocked Willey with a homer and a single.

Cincinnati's Bob Purkey (10-0) pitched the only complete winning game in the league, a four-hitter that topped the Dodgers 4-1 at Los Angeles. Dick Farrell had to bail out Robin Roberts (7-9) to nail down the Philadelphia Phillies 4-3, come-from-behind victory at Chicago.

In the American League, the Chicago White Sox slammed Boston 16-3 with a 21-hit, four-homer attack that enabled them to stay a game up on the New York Yankees. Mickey Mantle hit his 25th homer as the Yanks beat fourth-place Cleveland 6-1. Third-place Baltimore also lost ground in a 2-1 defeat by Kansas City, while total.

Federal Communications Commission over television handling of the Republican National Convention and the Arkansas Democratic primary.

Mrs. Pake's objection to plans of two television stations to feature the primary over the GOP convention led to an FCC request for a full statement from all three stations here on why they did not handle Monday night's Republican proceedings. Last-minute political speeches took up much of Monday night's TV programming.

One station, KARK-TV, had planned to stay with the convention last night. The other two, KATV and KTHV, had intended to use their time for election coverage. The two stations compromised last night, staying with network convention reporting most of the time, but devoting most of the later evening hours to the election. Both carried all of President Eisenhower's speech.

Mrs. Pake said she enjoyed the convention over the station which kept on it full time and thought it "went smoothly" over the other two. She said she would file a report with the FCC, but did not contemplate any further protests. She contended that failure to port all of the GOP convention would violate the FCC's equal time ruling. All stations carried his 21st homer in the fourth to make up two runs.

Says Congo Should Be UN Territory

By THE ASSOCIATED PRESS

L'ROPOLOVILLE, the Congo (AP)—The Belgian government believes this newly independent Congo republic should become a United Nations "trust territory," highly placed Belgian sources said today.

"Only a strong United Nations administration can save this country from chaos and disaster," a Belgian official said.

He said it was the view of the Belgian government that there is no other solution to the strife-torn former Belgian colony but to turn it over entirely to the U.N.

A Belgian Embassy spokesman stressed that Belgium will continue to view the Congolese government as virtually nonexistent.

To File Charges

MORRISON, Ark. (AP)—Sheriff Marlin Hawkins says first degree murder charges will be sought against Sam Ramsey, 63, in the fatal shooting yesterday of Hubert K. David of Russellville near Jerusalem.

Hawkins said David, 69, a Carter Oil Co. employee, was shot in the face when he went to a gas well on land owned by Ramsey. The sheriff quoted Ramsey as saying he had not been paid for gas from the well.

CHAPTER XXVII

With no significant glance at Artemus, Jack strode boyishly out of the room, leaving the two men face to face. Artemus grinned at Bayside and waited.

Bayside, by an effort, held himself in check. "You took me by surprise," the artist said harshly.

"Listen, mister," Artemus said. "I got no war with you. You're drunk, see? You annoy a lady. So I put the slug on you. No hard feelings. Anybody's apt to paw out of turn when he's full of booze. Forget it."

"I'm not forgetting it, Baldwin."

Jack returned, lifting penciled brows as he saw the attitudes of the two men. She carried a package in her arms — an oblong package about the size of a laundry box. But it was a gay, ornate package, decorated with ribbons and rosettes and colorful doodads.

"I love to do up presents," she said innocently. "I wanted to show you before I wrap it for shipping."

Artemus admired the package. "It sure looks classy."

"I'll have to put on the heavy wrappings," she said. "I wonder if you'll mail it on your way to town, Mr. Baldwin. It'll save a day if you'll take it down to Phoenix."

"Sure," Artemus said, "glad to." Jack went out to the kitchen again, but returned with the box neatly and securely wrapped in heavy paper for mailing.

"Just a second while I address it," she said.

She printed carefully and handed the box to Artemus, who tucked it under his arm. He said goodbye briefly, glanced sardonically at Bayside and went out of the front door.

As he walked to his car he admired Jack. In the language of the underworld, she was a "slick chick." She had been adroit; she had risen, with startling intelligence, to the emergency. But he did not realize the audacity of the girl until he sat behind the wheel, about to start his car, and looked down at the wrapped box on the seat beside him. It was addressed in bold printing to "Norman Wessler, The Federal Building, Phoenix, Ariz."

He drove to the village at speed, found a parking space in front of the post office and went inside. There he bought the necessary parcel-post stamps and added a special delivery.

He drove to his motel.

He sat, tabulating his thoughts, when the telephone rang. He was not greatly surprised that Colonel Beaugard should be on the other end of the line.

"I am in somewhat of a dilemma," the colonel said. "I have tickets for the performance at the Sombra Theater tonight, but an unanticipated business matter will prevent my accompanying my daughter. I'm wondering if you will be free to take my place?"

"Delighted," Artemus said.

It was not until they were on their way to the theater that Jennifer revealed the real reason for the invitation.

"Father's interested in Yaquis and that hit of gold he saw the other day," she said.

"Bushwa!" Artemus said roughly.

"But you won't," she said confidently and touched his knee with long, slender fingers. "What real stirred his interest was when that Indian was found murdered in your bathroom. He reasoned that people don't go around killing even Yaquis without a motive. Something is going on that smells like money."

"He's out," Artemus snapped.

GOP Women Win Rights at Meeting

CHICAGO (AP) — Republican women won an equal voice with men on three major convention committees today.

In what Mrs. Clare B. Williams, assistant national chairman, called "an historic step," the 1960 rules committee voted equal representation for men and women on the rules, credentials and permanent organization committees.

"The change is effective with the next convention in 1964. The women have had equal representation on the resolutions committee since 1920.

Mrs. Williams described as "deceptive" a similar action taken several months ago by the Democrats. She said their rule calling for 50-50 representation of the sexes was followed by a disclaimer permitting appointment of a man when a woman is unavailable.

"When you read the fine print, you see that all they've done is to double the size of their committees," Mrs. Williams said in a statement. "Certainly they have not given women firm assurance of inclusion on these important committees."

"The Republican rule says what it means and means what it says. There is no hedging. As far as the GOP is concerned, women are not second-class citizens."

Kennedy Assistant

HYANNIS PORT, Mass. (AP) — Sen. John F. Kennedy today appointed Frank Reeves, a Washington lawyer, as an assistant to travel with him in the presidential campaign.

Pierre Solinger, Kennedy's press secretary, said Reeves, a Negro, will have "a wide variety of duties—his job is not at all limited to civil rights."

Marooned Train Is Rolling Again

FAYETTEVILLE, Ark. (AP) — A southbound Frisco passenger train marooned near Fayetteville early yesterday by a flash flood which caused extensive damage got rolling again today.

Tracks washed out before and behind the train. Passengers and mail were taken to Fayetteville by car and on to Fort Smith by bus.

Workmen today still were making final repairs to the roadbed. Other trains had been rerouted.

On the basis of official and unofficial estimates, monetary damage from an 8.41 inch rain and resulting flash flood was calculated at a half million dollars or more.

Some highways still were closed today, after bridges washed out. These included Highway 68 east and west of Springdale, Highway 61 west of Fayetteville and Highway 23 north of Huntsville.

The rain stopped yesterday morning.

The Weather Bureau said there might be more rain tonight, but none materialized.
